Short description

Shelly Wall Switch 1, 2, and 4 are accessories for Shelly devices. They come with attachable holders, which are used for hooking the device up to the Wall Switch.

Compatibility:

Shelly Wall Switch 1 comes with three attachable holders:

Holder 1 - compatible with Shelly 1/1PM
Holder 2 - compatible with Shelly Plus 1/1PM
Holder 3 - compatible with Shelly 1L / Shelly Dimmer 2

Shelly Wall Switch 2 comes with three attachable holders:

  Holder 1 - for Shelly 2.5
  Holder 2 - compatible with all devices from the Shelly Plus series
  Holder 3 - compatible with Shelly 1L / Shelly Dimmer 2

Shelly Wall Switch 4 comes with a single holder compatible with Shelly Plus i4 and all of the devices from the Shelly Plus series.

Main applications

  Residential
  MDU (Multi Dwelling Units - apartments, condominiums, hotels, etc.)
  Light commercial (small office buildings, small retail/restaurant/gas station, etc.)
  Government/municipal
  University/college
