PRODUCT FEATURES

- SILVA Intelligent Light®**
A light beam technology that optimizes the light pattern; giving less head movement, better control, improved balance and minimized risk of missing important details, by combining long reach spot light and close flood light.
 - SILVA Flow Light**
Simply tilting the light up or down enables seamless adaption of the light pattern for different situations like close-up work or long range work/faster speed.
 - Battery not included - limitless flexibility**
This is great news! It means that you get to choose the exact capacity you need when it comes to both burn time and weight. Combine with any SILVA battery that fits your needs.
- SILVA Connection System**
Enables use of any SILVA Li-Ion battery from 2008 and onwards. If the cable fits, it works.
 - 2 attachment options**
This headlamp comes with a headband and a helmet attachment. This makes it a flexible headlamp to use in various working conditions.
 - Battery Level Indicator and “low battery” warning**
Helps you ensure that you have enough light for your activity – or to make it home in time.
 - Large on/off button**
Easy to operate - even when wearing gloves.
 - Water resistant**
Meets IPX5 standard; withstands heavy rain and water from any direction.

LIMITLESS FLEXIBILITY

This lamp comes without a battery, but it's compatible with any SILVA battery from 2008 and onwards. Choose a battery that fits your needs.

Battery	Battery weight	Burn time -5 °C	Burn time +20 °C
9.9Ah	355 g	12 h (max mode)	18 h (max mode)
3.3Ah	168 g	5 h (max mode)	8 h (max mode)
1.2Ah	83 g	2 h, 15 min (max mode)	4 h (max mode)
4xAA	152 g	4 h (max mode)	6 h (max mode)

TRUE LUMEN

The specified lumen values are measured 30 seconds after switching the lamp on. We measure lumen according to the ANSI FL1 STANDARD.

	MAX MODE	MED MODE	MIN MODE
True Lumen	500 lm	250 lm	80 lm
Light distance	130 m	80 m	50 m

LIMITLESS LR500

PRODUCT DESCRIPTION

This is a perfect companion for workers who need a powerful headlamp with limitless flexibility. A trustworthy companion you can adapt according to the challenges of the day – because no two days, or nights, are alike when you work in nature.

Limitless LR500 is our most versatile headlamp for doers who don't want to pause their projects just because the sun is setting. It comes with two attachment options and a powerful 500 lm output – but without a battery. This is so that you can supplement it with one or several batteries from our wide range that suit your personal needs and preferences. With a comfortable fit and unique adaptability, this headlamp will become everything you need it to be, so that you can focus on getting the job done.
